

# WHAT ARE WATERFOWL?

## WORKSHEET

After watching the What are Waterfowl video, look at the photos of different body parts, and make your best guess if the body part belongs to a waterfowl or a different type of bird. Remember, waterfowl have webbed feet!

Example:

**1.Observations: What do you notice about the body part? (Write 3 descriptive words/adjectives)**

- The feet are bright orange
- They have sharp toenails
- The skin looks scaly

**2.Hypothesis: Do you think the body part belongs to a waterfowl? (Write Yes or No)**

Yes

**3.Explanation: Explain why you think that. (One sentence)**

I think these are from a waterfowl, because they have webbed feet.
